BEING TEA CO. / FREE BREW NOTES

Notice. Record. Adjust.

Use the cup you already have. Record what you know and mark what you do not.
There is no required tasting vocabulary.

Tea and source

Date / tea name

Seller / lot identifier

Maker / origin

Harvest / processing / storage

Label each detail: seller statement, documented record, or unknown. A seller description is not independent verification.

Your brew

Leaf amount (g, or describe your measure)

Water volume (mL) / water source

Water temperature (degrees C or F)

Time / infusion number / vessel

Your observations

Aroma / texture / flavor / finish / what surprised you:

Separate your observations from seller tasting notes. Flavor alone does not establish provenance or a health benefit.

Compare one change

Keep the same	Change one variable	Notice next time

Akiko-inspired precision, hospitality and discernment. Akiko is a fictional editorial persona; this observation tool is not her lived experience, qualification or product test.
